

Television

Manage your recordings in Helix TV

Learn how to easily use the features of Helix TV recordings.

Scheduling a recording

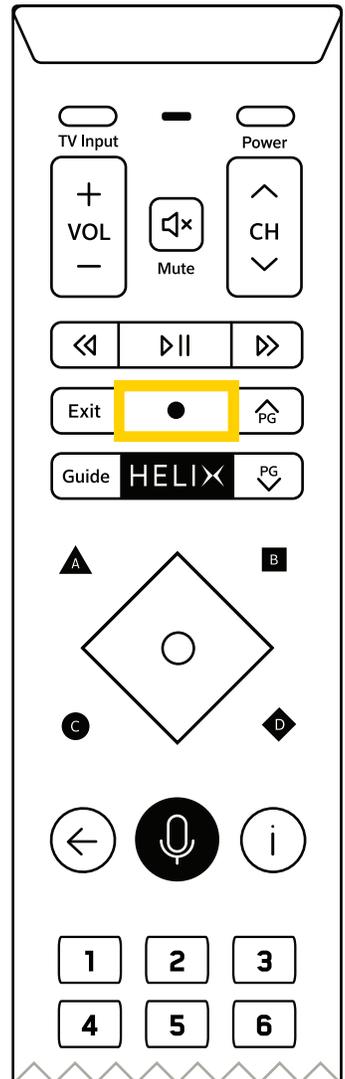

From the **Guide**, select the content you wish to **record** and push the Record button on your remote.

Recording live content

While watching live content, push the **Record** button on your voice remote. If you're watching a series, select either Just this episode or All episodes, then select **Confirm**.

Recording a series

From the **Guide**, select the show and press the **Record** button on your remote. Next, select **All episodes**. Choose your preferences and select **Confirm**.

Say, "Recordings"

To access your recorded content, tap the **Microphone** button and say, "Recordings".
